

Titus Salt School

Organisation & Project Details

Titus Salt School is a secondary school and Sixth Form based in Baildon, Bradford. They work with young people that are often disadvantaged or face challenges with their behaviour. Despite these difficulties, many of these young people try their best throughout the year and show incredible determination and growth. Unfortunately, their efforts often go unnoticed, and they don't always receive the praise and recognition they deserve.

To change this, they are creating a **rewards system** that gives these children something meaningful to work towards—something they truly want to earn. They are looking for any help from businesses to contribute towards this initiative. This could be in the form of a donation, vouchers, products or sponsorship. This could go directly towards rewarding the young people for their hard work and positive efforts. Support needed:

- Contribution towards rewards system initiative for young people e.g. donation, vouchers, products or sponsorship.

Number of Volunteers

We are open to working with a wide range of volunteers who are able to help us with the project above.
