

African Caribbean Achievement Project (ACAP)

Organisation & Challenge details

ACAP supports children, young people, and communities of African and Caribbean descent, while also welcoming all backgrounds. They empower them through various initiatives, including pioneering mentoring programs, STEM clubs, tutoring, and parental training for educational achievement. Additionally, ACAP promotes health and well-being via classes, mental health support, and fosters cultural pride through arts, culture activities, and community engagement.

Project Details

ACAP have recently benefitted from a full premises renovation. The final element has been to repaint the whole building. Volunteer teams did visit at the end of 2025 to complete most of this work. We are now seeking a team to come and finish the areas that were not completed. Below is a breakdown of what this will entail:

- Preparing surfaces
- Two coats of Acrylic Durable Matt on walls
- Gloss all skirting boards and doors

Number of Volunteers

We are looking for a team of 10-20 volunteers for this opportunity.

On-site support

On the day Participate will be providing members of staff to support the volunteers. A trained first aider and first aid kit will be available during the challenge. A 'Tools Talk' and health and safety briefing will be given by Participate at the beginning of the day.

Preparation

Volunteers will be undertaking painting activities and are required to wear old and reasonably robust clothing that you will not mind getting paint on. We do offer paint overalls, although these do not guarantee no damage to clothing. We also require sensible sturdy footwear, avoiding heels and open toe footwear. Where personal protective equipment is required, it will be provided.

Materials, tools and equipment to be provided by Participate

Participate will be providing all tools and materials to complete this project
